

**Day 1: 14/01/2021 09:30 - 12:00**

**Title:** Success @Arithmetic Programme in Calculation

**Venue:** Virtual

**Trainer:** Narinder Kaur

## Learning Services

### Success @Arithmetic Programme in Calculation

#### Outline

This course trains a teacher and a teaching assistant over two and a half days to deliver the Success @Arithmetic Calculation intervention catch up programme. This is a small group intervention accredited by The Edgehill University, to improve pupils' understanding of number and written calculation skills to pupils in Years 5 to 8.

The recent EEF report on the 'Impact of school closures on the attainment gap' highlighted that Targeted support is an approach that could help support pupils.

#### Description

The lead teacher conducts a diagnostic assessment and selects a series of Success @Arithmetic steps to form a tailored programme that the teaching assistant delivers to an intervention group. The sessions use number rods, bar modelling and written methods to build a complete mathematical picture, developing pupils' arithmetical fluency. The programme can be easily adapted to meet the individual pupil needs.

A high quality box of lesson plans, teaching guides and resources are included in the cost of the training and delegates must have them available for all sessions.

#### Outcome

The 2½ day training for the teacher and teaching assistant covers:

- A strong focus on mathematical subject knowledge for both teachers and teaching assistants
- To provide targeted use of the Pupil Premium
- Develops effective pedagogical approaches and supports the Mastery approach
- To raise standards and ensure progress – children made an average Number Age gain of 17.5 months in 4.5 months on the programme
- To promote positive attitudes to maths
- Interactive and easily adaptable session plans

- Online guidance and downloadable resources
- Access to the Every Child Counts data system, providing detailed analyses of impact and children's progress

## Booking Information

Tutor: Narinder Kaur

Cost: £990.00 per school

Additional members of staff from the same school can be trained at a cost of £230 per staff member.

Additional resource boxes can be purchased for £340

## Programme

### Day 1 14/01/2021 09:30 - 12:00

Title: Success @Arithmetic Programme in Calculation

Venue: Virtual

Trainer: Narinder Kaur, Kirklees Learning Partner

### Day 2 26/01/2021 09:30 - 15:00

Title: Success @Arithmetic Programme in Calculation

Venue: Virtual

Trainer: Narinder Kaur, Kirklees Learning Partner

### Day 3 01/02/2021 13:00 - 15:00

Title: Success @Arithmetic Programme in Calculation

Venue: Virtual

Trainer: Narinder Kaur, Kirklees Learning Partner

Code: LS-0121-T018

Price per delegate:  
From £0.00 to £990.00

Sign up deadline: 11/01/2021
